**TITLE OF THE CERTIFICATE (original language: ES)**

*Técnico Superior de Artes Plásticas y Diseño en Bordados y Reposteros*

**TRANSLATED TITLE OF THE CERTIFICATE (English)**

*(Diploma of Higher Education in Plastic Arts and Design in Embroidery and Coats of Arms)*

---

## PROFILE OF SKILLS AND COMPETENCES

**The holder has acquired general skills relating to:**

The creative impulse and the capacity of practical realisation. Knowing the traditions and possessing the optimal resources required to respond to the needs of contemporary society and to adapt in a full and polyvalent manner to the different artistic crafts that make up its field. Thanks to their training, a technician at this level will be able to meet the wide social demand for these artistic articles by the men and women of today.

**Within this framework, each PROFESSIONAL MODULE includes objectives leading to the following LEARNING RESULTS that the holder acquires.**

### ***“Historia de los textiles artísticos” (history of artistic textiles)***

The title holder:

- Develops a conceptual visual understanding of the historical and cultural field of the textile arts.
- Understands the specific aspects of its language and relates them in space and time to other two-dimensional artistic manifestations or to those that are specific to the various visual cultures.
- Knows their genesis and evolution through time and appreciates their current trends as part of the contemporary artistic sensitivity.
- Possesses the specific references that are needed for an optimal technical, historical and artistic knowledge of this speciality.
- Coordinates work approaches and activities in common with the other disciplines that make up the artistic area and with those that develop specific workshop procedures, in order to connect in an ideal manner a theoretical knowledge of the history of artistic fabric with the practical creation thereof.

### ***“Dibujo artístico” (artistic drawing)***

The title holder:

- Knows the basic elements of the psychology of visual perception and its behaviour.

- Develops his or her capacity to analyse forms, both in their external and their structural aspect, and their visual and retentive memory capacity.
- Knows the materials, drawing tools and the most common procedures in this creative field, and knows how to choose those most suited to the job in hand.
- Develops his or her artistic sensitivity and creativity and applies them to the development of personal and functional compositional languages.
- Develops his or her capacity of expression and communication through the graphical-plastic description, representation and interpretation of the exterior reality or ideas, demonstrating creativity and artistic sensitivity at work.
- Develops a suitable attitude for team work.

### ***“Color” (colour)***

The title holder:

- Possesses the necessary knowledge relating to the basic theories and concepts of the behaviour of colour and chromatic perception.
- Knows the properties and physical-chemical characteristics of colours, blends and procedures.
- Develops the ability to analyse chromatic compositions from a multidisciplinary perspective.
- Correctly selects and uses the different tools and materials, techniques and procedures in accordance with the work in hand.
- Delves into the knowledge of those aspects of colour that are most related to the world of textiles.
- Develops his or her artistic sensitivity and creativity and their expressive and communicative capabilities.
- Knows and interprets the chromatic and colorimetric codes and standards and incorporates them into the work they carry out.

### ***“Taller de bordados y reposteros” (embroidery and coats of arms workshop)***

The title holder:

- Uses and combines techniques specific to embroidery and coats of arms as an instrument of artistic creation, without excluding the possible functionality they may have.
- Incorporates new materials and new assistive technologies, particularly in the field of operations carried out to prepare the production process and those of the finishing process.
- Investigates the expressive possibilities of techniques and materials above and beyond the framework of how they are traditionally used, in order to create works of experimental and/or artistic nature.
- Develops his or her aesthetic sensitivity and creativity.

### ***“Proyectos: bordados y reposteros” (projects: embroidery and coats of arms)***

The title holder:

- Possesses a basic methodology for the development of an embroidery and coats of arms, and information on and knowledge of the necessary tools in each phase.
- Draws up and submits documents, both written and graphic, on their work.
- Creates specific sketches, models and prototypes related to the modes of artistic, artisanal and industrial production, taking into account the most suitable materials for the end product and the colouring.
- Creates the necessary samples in accordance with the trends of the moment.
- Analyses, since the study of the prototype, the economy of materials, production processes, finished work, and the possible recycling of parts of the product.
- Develops his or her artistic sensitivity and creativity.

### ***“Formación y orientación laboral” (training and career guidance)***

The title holder:

- Knows the legal working framework and the rights and obligations that derive from labour relations.
- Possesses the necessary awareness of occupational health as a determining factor of both the quality of life and of quality results in productive activity.
- Knows the different ways to access employment, as well as the aid from agencies and institutions dedicated to this end, whether at a state or Autonomous Community level.
- Has been trained to perform associative tasks with an attitude of cooperation and also teamwork activities.
- Possesses the necessary bases to organise a small or medium-sized company and to market their products bearing in mind such aspects as production and distribution, commercial relations and the legal, social and labour aspects involved therein.
- Knows the legal instruments specific to the speciality.

### **RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE**

The Holder of a Diploma of Higher Education in Plastic Arts and Design in Embroidery and Coats of Arms carries out his or her activity either in companies of the textile sector and in other companies within the industrial production sectors that require the services of such a professional due to their using among their components textile elements that belong or are related to the production of embroidery and coats, in companies and workshops of an artisanal and artistic nature, whether public or private and whether small, medium or large, related to the professional field of embroidery and coats of arms. He or she can also work as an independent professional, as a company or as a member of a cooperative, or under the guidance of more senior managers from this or other academic fields, for the implementation of projects that require the services of such professionals. He or she can also develop their work by providing embroidery and coats of arms consultation services to companies, independent professionals or

artists, or by undertaking projects of an artistic nature that they themselves, or other graduates or artists have created.
