

NALCAP TIMELINE

You've heard about the program. And you know that you're ready for the experience of a lifetime!

**Follow these steps on your road to Spain.
Please note that the dates are tentative to give you a general idea.**

LATE FALL

1. Apply for or renew your passport if needed.
2. Request your college transcripts if you have not yet graduated or make a copy of your diploma for your application.
3. Ask a college professor, employer or mentor for a letter of recommendation dated no earlier than September 1, 2021.
4. Research which regions of Spain you would like to select as preferred placements on your application.
5. Create a PROFEX account. Use your passport number as your username. Select a password to log into the portal. Fill out the mandatory CV sections.

READ THE APPLICATION GUIDELINES AND THE PROFEX HANDBOOK CAREFULLY

FEBRUARY - APRIL

Fill out and submit your application

The application period runs from February 1 to April 7, 2022

Assignments are given on a first-come, first-served basis.

Applications can be frustrating. But if you've done your hw (reading the guidelines and handbooks on our website carefully and following the info they provide), it should go smoothly.

Only 4 documents are needed to apply!

1. copy of your passport
2. official college transcripts or diplomas
3. statement of purpose
4. letter of recommendation

Note that docs can't be uploaded until apps open on Feb. 1

Submit your application! Phew!

NALCAP TIMELINE

MAY- JULY

You find out if you got into the program.

You get your regional placement and must accept the placement **within 3 days** after receiving the email.

What's next? Wait for your Letter of Acceptance sent from the regional government in Spain where your school is located. Make sure you check your junk mail folder.

If it is after April 15th, you can start to request your background check. Juggling time frames are tricky here. Please refer to our guidelines for detailed information.

TIA for your patience!

MAY- AUGUST

You receive your Letter of Acceptance.

Letters of Acceptance are sent out. This document confirms your regional placement, your school, and your health insurance, as well other important info. This letter is indispensable in securing your visa in the U.S. and later on, once in Spain, for your student residency card (TIE).

When you get your letter, please contact your school and introduce yourself. Note that most schools in Spain will be closed during most of August.

JULY - SEPTEMBER

Apply for your visa

Follow the How to Apply for a Visa: Guidelines for American citizens on our website to get your long-stay student visa. Also check the information and requirements posted on there concerning your local Consulate General of Spain. All info provided by the consulate office overrules the info on our website.

We strongly recommended not buying your plane ticket until you have your visa in hand. Please note that student visas may experience long processing times. You would not like to find yourself in the unpleasant situation of it being the date of your flight and not being able to fly because you don't have your visa.

NALCAP TIMELINE

Just a few more steps...

SEPTEMBER

Time to go to Spain!

You leave for Spain **only after** your long-stay student visa is in your custody. **Do not** go to Spain before you get the visa.

You will probably attend an orientation session for the program organized by the regional government. Check with them or your school for the exact dates.

OCTOBER 1

NALCAP Program starts!

You are expected to report to your school. Good luck on your first day!

MAY 31

NALCAP Program ends in most of Spain.

You just had the experience of a lifetime with unforgettable memories and adventures in Spain!
