

LANGUAGE ASSISTANT PROGRAM IN SPAIN

The Language and Culture Assistant Program is an initiative of the Spanish Department of Education. The program is primarily addressed to Swedish nationals with a Bachelor's Degree, or in their final year of studies, interested in Spanish language and culture, with an almost native English-speaking ability. Assistants will spend a semester or a full academic year, October to June, in Spain.

Its main objective is to provide Swedish participants with the opportunity to assist English teachers in primary, secondary and language schools (12-16 class periods per week). At the same time, this program allows Spanish students the opportunity to get to know Swedish culture by interacting with the assistants.

Language assistants receive a monthly stipend (about 700 -1000 euros a month) and an orientation course upon arrival. Transportation from and to the country of origin will depend on selected candidates.

For school year 2021-2022 applications online are open from **January to April**.
